Note: following Section III, the ten horses with the highest marks will proceed to section IV. In the event of equality of marks at this stage, the horse with the higher jumping mark will be given precedence. Should this still produce an equality of marks, all horses on that same jumping mark will come forward.

SECTION IV

Suitability and Potential

*Only the top ten horses are required for this section where they will be judged for potential international quality to make a WORLD CLASS THREE DAY EVENT HORSE. The 5-year old horses will be required to **gallop one at a time**. The 4-year olds will only be required to show a forward moving canter indicating they could learn to gallop with further development and maturity. It is the responsibility of the rider to ensure they present themselves in time for this section which usually takes place 10-15 minutes after the last horse.*

Note: in the event of equality of marks at the end, i.e. after all four sections, the jumping mark will be given precedence. Should this still produce an equality of marks, the highest mark attained in the final section will be the deciding factor.

EQUINE FLU VACCINATIONS - Due to the recent Equine Flu Outbreak, Floors Castle International Horse Trials have put a vaccination policy in place for all classes and companion horses:

In order to be allowed to compete, ALL horses (including companion horses) must have received a primary course of flu vaccinations (*a primary course is an initial vaccination followed by a second vaccination after no less than 21 days and no more than 92 days, **with the second of these vaccinations having been given no later than 7 days prior to the start of the competition.***)

Where the second vaccination of the primary course was completed more than 6 months prior to the start of the competition, every horse must have received continuous booster vaccinations, with the FIRST booster vaccine having been given between 150 and 215 days after the second vaccine of the primary course, and **EVERY** subsequent booster having being given within 1 year of the previous booster (*for example a horse vaccinated on 21/2/16 must have received its next booster on or before 21/02/17*). Vaccinations given on the day of the event will **NOT** be considered as forming **ANY** part of the animal's vaccination history. A significant number of passports will be checked and any horse found without a satisfactory vaccination record will be sent home.

*Please note that **in addition to this**, EVERY horse that is to be stabled at Kelso Racecourse must have received a vaccination **WITHIN SIX MONTHS** of the date they enter the racecourse stables.*
